SIKATAACK

Cladding Panel Adhesive System

DESCRIPTION

BLUECHIP offers a range of leading adhesives and sealants for the facade and cladding industry. The BLUECHIP product range includes the SIKATAACK panel adhesive system specially developed for concealed fixing of facade panels. The system is a 3 part system consisting of a ultra high strength elastic adhesive, double-sided tape for immediate fixation of the panels and surface preparation products. BLUECHIP also supplies a wide range of technologically superior sealants for waterproofing facade joints such as between aluminium composite panels.

PRODUCT BENEFITS

ELASTIC PROPERTIES

The SIKATAACK panel adhesive system is an elastic system allowing for necessary movement between the cladding panel material and building sub-construction.

DESIGN FLEXIBILITY

The SIKATAACK panel adhesive system allows for creative opportunities and panel layouts in the facade design that are otherwise unachievable with mechanical fixings.

EASY TO USE

The SIKATAACK panel adhesive system is a 1-part product which is ready for immediate use unlike some other adhesive systems which require mixing before application.

UNIFORM FIXING

The SIKATAACK panel adhesive system allows for uniform tension over the whole facade panel which means there are no stress points in the cladding or sub-frame.

STRESS RESISTANT

The SIKATAACK panel adhesive system is capable of withstanding high dynamic and static stresses with proven performance on hundreds of projects globally.

WEATHER RESISTANT

The SIKATAACK panel adhesive system is highly weather resistant and has been tested and proven to perform in some of the harshest external environments.

MOVEMENT ABSORBING

The SIKATAACK panel adhesive system allows for vibration and movement absorbment in the fixing system leading to greater long term durability of the cladding panels.

GLOBAL RENOWN

SIKA is one of the worlds leading construction brands meaning you can specify the SIKATAACK panel adhesive system and SIKA sealants with absolute confidence.

SIZES & KEY DATA TABLE

Panel Adhesive System

| CODE | DESCRIPTION | AVAILABILITY | MOQ |
|-----------|--|--------------|--------------|
| SKP5060 | SIKATAACK Panel-50 Adhesive, 600ml Sausage | 10-12 Weeks | 200 Sausages |
| SKP2060 | SIKATAACK Panel-20 Adhesive, 600ml Sausage | Stock | 20 Sausages |
| SKP1060 | SIKATAACK Panel-10 Adhesive, 600ml Sausage | Stock | 20 Sausages |
| SKPT | SIKATAACK 12 x 3.3mm Panel Tape, 33m Roll | Stock | 1 Roll |
| SKA205100 | SIKATAACK Aktivator 205, 1 Litre | Stock | 1 Can |
| SKP206100 | SIKATAACK Primer 206 G&P, 1 Litre | Stock | 1 Can |

Joint Sealants

| CODE | DESCRIPTION | AVAILABILITY | MOQ |
|------------|---|--------------|-------------|
| SK11FCB60 | SIKAFLEX 11FC Black, 600ml Sausage | Stock | 20 Sausages |
| SK11FCW60 | SIKAFLEX 11FC White, 600ml Sausage | Stock | 20 Sausages |
| SK11FCG60 | SIKAFLEX 11FC, Grey, 600ml Sausage | Stock | 20 Sausages |
| SKPROB60 | SIKAFLEX PRO Black, 600ml Sausage | Stock | 20 Sausages |
| SKPROW60 | SIKAFLEX PRO White, 600ml Sausage | Stock | 20 Sausages |
| SKPROO60 | SIKAFLEX PRO Off White, 600ml Sausage | Stock | 20 Sausages |
| SKPROC60 | SIKAFLEX PRO Concrete Grey, 600ml Sausage | Stock | 20 Sausages |
| SKPROD60 | SIKAFLEX PRO Dark Grey, 600ml Sausage | Stock | 20 Sausages |
