## Colour-matched Cladding Trims

### Description

CLADTRIM cladding trims are a range of smart, corrosion resistant aluminium trims and accessories that cater to individual requirements. They can be supplied in mill-finish or powder coated to match any colour. CLADTRIM cladding trims provide the easy and crisp finish to any cladding material. The CLADTRIM cladding trims are designed to be used for internal and external corners, window detailing, abutments, joints and any area where a trim may be required. The adjustable depth of the corner profiles allow for ease of adaption to most cladding materials.

### Product Benefits

#### SECRET FIXING

CLADTRIM cladding trims hide all the messy finishing areas to complete your project neatly and hide away all the ugly fixings leaving a clean and modern finish.

#### VERSATILE

CLADTRIM cladding trims are designed to be used with different thickness cladding products from 15mm to 24mm thick providing unrivalled versatility.

#### MAINTENANCE FREE

CLADTRIM cladding trims are manufactured from high grade alloy for use in marine environments. Available in anodised or powder coated they are the ideal long term finish to your cladding.

#### UNLIMITED COLOURS

CLADTRIM cladding trims can be supplied in unlimited custom colours matched to either SELEKTA or DUROCLAD composite cladding or a sample supplied by the client.

#### USER FRIENDLY

CLADTRIM cladding trims have been designed with an adjustable depth so you can easily apply them to your choice of cladding materials to neatly finish off your project.

#### WEATHER TIGHT

By using a suitable sealant underneath the outside trim piece, CLADTRIM cladding trims help weather seal the cladding at junctions such as corners, abutments and around openings.

#### FIRE RATED

CLADTRIM cladding trims are 100% non-combustible allowing them to be used anywhere a non-combustible material is required.

#### EASY EXPRESSION

CLADTRIM cladding trims give unlimited design expression to your cladding project by allowing you to match the cladding, window frames or any other colour.
